

2017 VC Deals

A Sampling of the Year's Venture Capital Transactions

February 20, 2018

In 2017 Morse once again represented its clients in a range of venture capital transactions, including convertible note financings, equity investments, and sales of preferred stock. Our VC attorneys counseled companies in an array of industries, including biotechnology, custom clothing, and medical devices, among others.

	<p>Represented EnBiotix, a product-focused bioengineering company commercializing anti-infective inventions, in its Convertible Note Financing.</p>
	<p>Represented Fuel For Fire, a health and nutrition retailer, in the Sale of Series D Preferred Stock.</p>
	<p>Represented Orionis Biosciences, a company specializing in the development of new drugs for the treatment of certain autoimmune diseases and pathologies linked to certain types of cancer, in its Bridge Note Financing.</p>

	<p>Represented Privy, a platform that empowers marketers to build more customer relationships, in its Series Seed-2 Financing.</p>
	<p>Represented Cristcot, a global life sciences company focusing on unique drug delivery systems, combination products and specialty drug formulations, in its Convertible Note Financing.</p>
