

Building Resilient Biotechnology Research in the Shadow of The Biosecure Act

March 13, 2024

The Biosecure Act, if passed, would severely restrict collaborations between US companies and Chinese Contract Research Organizations (CROs). To help manage interruptions in biotech research, we invite you to attend the seminar **either in-person or online**.

REGISTRATION IS NOW CLOSED for this event.

Contact Jaclyn Braga at jbraga@morse.law with questions.
