

Stan Chalvire Named Go To Health Care and Life Sciences Lawyer by MA Lawyers Weekly

August 28, 2024

Morse is excited to announce that **Stan Chalvire** has been named a **Go To Health Care and Life Sciences Lawyer** for 2024 by *Massachusetts Lawyers Weekly*. This feature was created in 2020 to showcase leaders in the Massachusetts legal community by practice area. Each lawyer featured was nominated by their colleagues and chosen by a panel from *Lawyers Weekly*.

Stan serves as the Co-Chair of Morse's Life Sciences Industry Group. He advises clients in connection with their development and implementation of strategies to protect and commercialize intellectual property, including through licensing, strategic collaborations and joint ventures, with a focus on clients in the **Life Sciences** industry. He is well-equipped to support clients' domestic and international intellectual property initiatives with his extensive experience as a patent attorney, conducting due diligence evaluations, and drafting and negotiating sophisticated agreements.

With Stan's experience, healthcare background, and unwavering dedication, it comes as no surprise that he has been recognized as one of this year's Go To Lawyers. We are immensely proud of Stan and this well-deserved achievement. Please join us in congratulating Stan and wishing him continued success!
